Sucker Lists and Chautauqua

The Chautauqua programme promises this year to surpass that of the past two years. Indeed it should. The business of operating a chautauqua circuit is not one of benevolent intentions. It is a business venture, pure and simple, just as much as the construction of a theatre. For two years Treherne business men have guaranteed chautauqua against financial loss. They have done so again this year, notwithstanding the loss that was incurred last season. Although the Chautauqua people took more than they were guaranteed last year the backers still had to come across with another wad, in fulfillment of their obligation.

It is unfair to impose a financial obligation on local people for a project that is self-supporting. If the Chautauqua people want to come here next season, let them come and let them back their own business.

There are two types of "sucker lists." One list refers to people who are unwise enough to buy, again and again, stock in unsound business projects. The other list refers to villages, towns and cities which give financial support to projects out of proportion to the good received in return.

—Times

The problem now is how to keep up the flow of milk so as to obtain from each cow the same quantity of milk and the percentage of butter fat, as when the pasturage was good.

This is a difficulty during the dry spell, but many farmers are overcoming this shortage by feeding a little Cattle Pacific, and get excellent results.

The Gopher was neglected last year just as soon as the crops dried out, and the result this year shows the fields almost out of control. If you are going to farm next year it will pay you to make a clean up on the gopher now. If you don't do this you will waste your time and money putting in seed.

Clean them up now while they will take the bait.

ALERT ALTARIO

There was an electric storm of great vehemence, last week, in this district which took an unusually tragic toll of life. Mr. Cohoe, of Compeer, a well known farmer was struck dead by lightning, on his from the barn to his house. Dr. Robinson, of this town, was at once summoned but he pronounced life extinct, altho every effort was made by artificial respiration to restore the unfortunate victim. Mr. Cohoe is mourned by the whole community, and few men are so universally esteemed as the deceased who was in every sense of the word a good man, a good father and a good citizen. We extend to Mrs. Cohoe and the relatives the heartfelt sympathy of the folks of this town.

The funeral took place at the Compeer Cemetery, Thursday.

The younger generation are proving that they value to the full the "team" spirit of sport.

It was always a kind of reproach to Bideford that she had not busied herself with a scheme for getting the young folks together for sport. Altario is all there, however, and there is frequently to be seen baseball games between young and old, married and single. The best feature is that the girls are joining in; sensibly attired in the latest style of "bloomers" they look the part and their rosy cheeks, sparkling eyes and merry laughter go to prove that they are enjoying life. Tennis has also its votaries, in the recent tournament Geo McLeod and Miss Kullman were winners

Two of our best sports have left town for holidays at home and everyone will miss them. Miss Grace Inkster will not return to teach in Crocusdale as the delicate state of her mother's health requires her presence at home. "Our" Miss Inkster will be welcomed back, for we all realize that we are exceptionally fortunate in this town to have with us one who combines in an unusual degree the qualities of an excellent teacher, a true sport and a charming personality.

Rev. Mr. Amos has taken up the work in our town and we trust will receive a warm welcome and be supported by a good attendance on Sundays. Altho a stranger we hope he will soon find himself at home wherever he may visit, and may experience the altruistic atmosphere of Altario society.

Will the ladies societies or the Publicity Department see that there is some public convenience placed in this town either at the Station, where it should be put in by the C. P. R., or in the town itself? In the interest of the health of women and children this matter should receive prompt attention.

There seems to be more to drink now in dry Alberta than ever before. We are wondering where the Sherlock Holmes stuff comes from—it seems so near and yet so far. Nosir, we don't want any ourselves, thanks.

Amongst the Honors List of the Saskatoon Collegiate students is Gladys Conquest, who has come home for the summer holidays.

If you have any Red Cross work out please return it to Mrs. Conquest, at once.

Finally, friends, have you paid your 1919 subscription to this paper? If not, why not? The Newsman will be charmed to hear from you, when sending us kicks or comments include the cash, one bone covers fifty-two copies post free.

McKim's Newspaper Directory

The Canadian Newspaper Directory for 1919, just issued by the publishers, A. McKim, Ltd. Advertising Agency, of Montreal, Toronto and Winnipeg, indicates great activity in the publishing field during 1918.

While the number of daily papers published in 1918 diminished from 135 to 126, due mainly to the high cost of newsprint, the total number of Canadian publications increased from 1490 to 1552.

The situation warrants optimism of the soundest nature, reflecting, as it does, the healthy condition prevailing generally from East to West of Canada.

Whoever examines the pages of the McKim Directory with the care they deserve cannot fail to be impressed with the great labor involved in gleaming so many thousands of items of information. Not only is the entire field of Canadian publications covered, but the Directory is a complete gazetteer of every town and city in Canada and Newfoundland where a publication is issued. One may turn to it for information as to population, county seats, railways and waterways, telegraph, express and banking facilities.

Especially with the new conditions arising daily. Reconstruction, expansion, development, this book in its familiar green and red covers must earn its place on every office desk and in every business library.

Every Farmer
In This District
Should Read The
Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else, The Nor-West Farmer Information Bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table" around which the best farmers of Western Canada meet. Will you be one of them?

THE QUESTION OF STOCK
RUNNING AT LARGE IN
MUNICIPAL DISTRICTS

Under the provisions of the Municipal District Act Sections 206 to 216a inclusive, authority is given to any Municipal District to pass a by-law with reference to stock running at large. By the amendments made to the Act at the recent session of the Legislature, at the request of the Hon. A. G. MacKay, Minister of Municipal Affairs, any by-law of a Municipal District with reference to stock running at large, must be submitted for approval of the Minister before it can be advertised as provided for by Section 214 of the said Act, and any Municipal Council that is considering the putting into force of a by-law with reference to stock running at large should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before it is advertised. This amendment was asked for not because it was desired to interfere in any way with the business of the Municipal Districts, but for the purpose of protecting Municipal Districts, as far as possible, from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the Municipal Districts under instructions of the Minister, so that they may draw up their by-law in accordance therewith:

By-Law No.—

A By-law of the Municipal District of—No.— for restraining animals at large.

1. No horse, etc., (describe animals to be affected), the property of any person, resident or non-resident, within the said Municipal District of—No.— shall at any time be at large in that part of the said Municipal District, particularly described as follows:—(if it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District;" if, during certain months of the year, substitute particular months for the words "at any time.")

2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined with-

in any building or lawful fence.

3. Any animal at large contrary to the provisions of this by-law may be impounded in the manner herein provided for.

4. Pounds shall be established as follows: (location of pounds and names of Poundkeepers to be added).

5. Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence, (or the Municipal District may define the fence they desire to have as a lawful fence.)

6. Notwithstanding anything herein contained, any resident of the said Municipal District may allow—head of horses or cattle (up to 100 may be allowed or in the alternative up to 500 sheep) to run at large for every 100 acres of land owned by him within such district.

7. The provisions of Sections 208 to 215 inclusive of the Municipal District Act, shall be deemed to be incorporated in and form part of this by-law.

8. The provisions of the Stray Animals Ordinance, the Entire Animals Ordinance, the Herd Ordinance and the Pound District Ordinance, shall cease to be operative within the said Municipal District, on the coming into force of this by-law (if it is desired to retain the Stray Animals Ordinance or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section.)

9. Any person who suffers or permits any animal, which he is entitled to possession of, to be at large within the said Municipal District, shall be guilty of a breach of this By-law, and shall, under summary conviction under Part XV of the Criminal Code, forfeit and pay as a penalty an amount not exceeding One Hundred Dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the costs of commitment, are sooner paid.

DONE AND PASSED IN COUNCIL this—day of—A. D. 19—.

—Mayor

(Municipal District Seal)

—Seely-Treas.

Referring to this model form of by-law the following points should be carefully noted:

Section 1 refers to "resident or non-resident." If it is desired to make the by-law apply to non-residents only, the necessary change should be made. Sec. 6 limits the number of stock that a landowner in the District may allow to run at large. The number allowed to run at large rests with the District Council, but must not exceed 100 cattle or horses or 500 sheep for each 100 acres. It should be borne in mind that it is optional with the Council to deal with this question or not. It is important that the provisions of the Act in regard to advertising of the by-law should be carefully followed, and a short synopsis of the By-law, and in addition, a copy of the by-law posted in 15 places in the District. Ten resident ratepayers can petition the Council to submit the by-law to a vote of the resident ratepayers, and a two-thirds majority of those voting is required before the Council can place the by-law in operation.

Something New
Something Helpful:
The B-H Color Scheme Adviser

WOULD you like to "see" your house in its new coat of paint, before you paint it? You can. The Brandram-Henderson "Color Scheme Adviser" enables you to try out different color combinations before deciding on the color scheme most pleasing to your eye.

This unique device consists of a transparent outline of a house, behind which you place color cards of every known shade—one color for the walls and another color for the roof. With the transparent sheet, there comes a set of 40 cards each of a different color. First you try a white card on the walls, in combination with a green card for the roof. Then you try a brown card behind the wall section of the transparency, along with a red card for the roof. And so on, until you have exhausted the possibilities of every known color combination. We have one of these "Color Scheme Advisers" and will be pleased to let you experiment with it before you select your

B-H "ENGLISH" PAINT 70% Pure White Lead (Brandram's Genuine B.H.) 30% Pure White Zinc 100% Pure Paint

for the Spring painting of your house or any other building. Of course you are going to paint this Spring—and equally, of course, you are going to use B-H "English" Paint—the paint with the guarantee behind it.

Our store is the B-H Store—which means that this is paint headquarters. The outstanding reputation of this brand is based on its superior covering-capacity and exceptional durability—both of which features we know to be due to the combination of Brandram's Genuine B.H. white lead and pure white zinc, which the makers of B-H "English" Paints maintain in spite of the repeated advances in the cost of these ingredients.
